

Alpair 10 - Full Range 6" driver

THE NEW LARGE ULTRA-HIGH PERFORMER FROM MARKAUDIO

The Alpair 10 is an ultra-high performance authentic large size full range driver. This driver exceeds 20-kHz at +82-dB. The 100-mm cone is made from a new thin-wall alloy for ultra low mass while maintaining stability. The result is a driver that efficiently operates over an extremely wide frequency range for a speaker of this size and type.

This driver delivers astonishing amounts of musical depth. The bass response is low and rich while the middle and high response remains strong and detailed. The Alpair 10 is ideal for audiophile uses, multi-media and multi-channel applications where depth, clarity and detail are the main requirements. This driver is very much the enthusiasts choice.

FEATURES

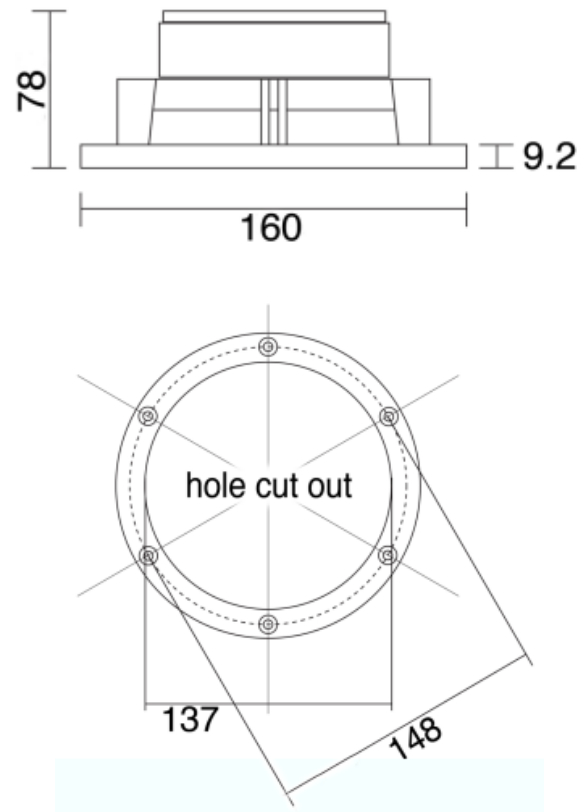

- The enthusiast's choice, super macro and micro-dynamic detail
- Large stable Xmax on an ultra-thin cone. The mixed alloy is sourced from Japan
- Ultra-wide wide frequency for this driver size
- 100% custom designed and built with "exclusive" styling
- Choice of 2 colours
